

I signed up for the New Jersey "Do Not Call" list and my unsolicited phone calls dropped to almost Zero!! I do have a few companies with which I do business somewhat frequently and they have called me... But I tell them to remove me from their automatic call lists. If I want their product(s), I'll contact them! I do not want unsolicited calls. They are unwanted and unnecessary intrusions into my life. If they want to advertise...or get business, let them do so through Direct Mail, Radio, TV, etc. But leave my personal time and personal space alone by not calling me anytime.

Please do not overstep state's rights by changing or overturing New Jersey's Do Not Call laws
